

OPTIMA

STAINLESS

Optima Stainless Limited are a leading multi metal stockist, offering a laser cutting and folding service to all industries.

A position has arisen in the laser cutting department for the following positions:-

CNC LASER PROGRAMMER

A reliable and competent person to program / nest components prior to cutting using autocad & Radan software.

Previous laser or CNC punch programming with knowledge of folding would be an advantage but training can be given.

LASER CUTTING SALES ESTIMATOR

The successful candidate must have experience in a similar capacity in the metals industry and be able to work on their own initiative interpreting drawings, preparing quotations, communicating with customers and developing new business.

Competitive salary based on experience.
